

# BRUCE MATTHEWS

Boulder, CO 80304 • 650-542-1260 • brucemattthews2016@gmail.com

## EDUCATION

### Bachelor of Science: Industrial Engineering, Expected 05/2028

California Polytechnic State University – San Luis Obispo, CA

GPA: 3.5/4.0 | President's List 2026

**Relevant Coursework:** Process Improvement, Operations Research, Data Analytics, Database Management, Statistical Decision-Making, Quality Control, Design and Manufacturing, Engineering Statics, Mechanics of Materials, Electronics Manufacturing, Supply Chain & Logistics Management (Spring 2027), Production Planning & Control Systems (Spring 2027), Process/System Simulation (Spring 2027)

## SKILLS

**Business & Process Analysis:** Requirements gathering, process mapping, gap analysis, stakeholder alignment, BRD creation, project planning

**Lean & Continuous Improvement:** 5S, line balancing, time studies, OEE analysis, Pareto analysis, value stream mapping, Lean Six Sigma (White Belt)

**Data Analytics:** Data organization & interpretation, cost modeling, KPI design, dashboard development

**Platforms & Tools:** Power Apps, Power Automate, Power BI, Python, JMP, Excel, SharePoint Online, SolidWorks (CAD)

**Engineering & Manufacturing:** Precision machining (manual lathe, CNC mill), PCB assembly & testing, orthographic engineering drawings

**Soft Skills:** Cross-functional collaboration, clear communication, adaptability, team leadership

## RELEVANT PROJECTS

### 5S Process Improvement Project (Team)

11/2025

Cal Poly SLO – San Luis Obispo, CA

- Applied the 5S methodology (Sort, Set in Order, Shine, Standardize, Sustain) to analyze and redesign a university housing workflow, identifying automation opportunities and proposing a streamlined, self-service process
- Additional hands-on engineering projects: PCB electronics assembly, soldering, and multimeter-based testing (Prism LED); precision-machined and SolidWorks-designed air motor assembly tested to ~1,300 RPM

## EXPERIENCE

### Data Analytics Intern

06/2026 – 08/2026

UniRemington – Medellín, Colombia

- Developed a Power BI dashboard from multi-year institutional datasets, transforming raw Excel and TXT files into structured, analysis-ready data to support operational decision-making
- Built a folder-based Power Query workflow to automate file ingestion and standardize changing column structures, streamlining data preparation for future refreshes
- Researched analytics methodologies, KPI design, and data integration techniques weekly to guide dashboard development, and presented actionable findings and recommendations to engineering supervisors

### Business Analyst Intern

06/2025 – 09/2025

J.D. Irving – Halifax, NS

- Led a continuous improvement initiative for the Risk Register process using an agile workflow, from current-state assessment and gap analysis through future-state design, authoring the BRD, aligning stakeholders, and delivering a Power Apps solution with SharePoint backend and role-based access
- Designed and deployed 7 automated workflows to streamline approval and notification routing, replacing fragmented manual processes and cutting turnaround times from weeks to days
- Performed a waterfall-based cost analysis of M365 and Azure DevOps license usage, modeling savings scenarios of \$500K to \$1.5M and identifying \$35K in immediate savings for IT leadership
- Evaluated AI-generated test cases against validated baselines, documented defects, and recommended process improvements, then produced two additional BRDs and full handover documentation

### Sales Intern

05/2023 – 08/2023

Woodridge Software – Lakewood, CO

- Conducted market research to identify potential clients and grow the sales lead pipeline

## ACTIVITIES & LEADERSHIP

### Systems Optimization Club — Team Lead

- Leading a student team building a data dashboard to track and forecast performance and sales for a client's (Sequel Tea) new store launch; serve as primary client contact, coordinating stakeholder meetings, requirements gathering, and solution delivery

## INTERESTS

Basketball, Skiing, Surfing, Fitness, Drawing
